Live video compositing made easy!

AW VideoCompositor for LivePremier™ gives system integrators and developers all the tools they need to easily incorporate LivePremier™ image processors video compositing into a single point of control Crestron® touch-screen application.

Key features

▶ Visualize all your screens with layers size and position (PRG or PRW)

▶ Manage multiple screens and/or auxiliary outputs using only one source list

▶ Use the touchscreen to resize or adjust layer position

▶ Visualize live sources with their dynamic thumbnail

▶ 2 modes for source selection: Drag & Drop or Select & Click

▶ Recall screen presets or master presets and start seamless transitions

▶ Change screen background instantly

▶ Select the source displayed in your auxiliary outputs

▶ Configure multiviewer mosaic with a simple flick of the finger

▶ Route de-embedded audio channels or Dante input audio channels to your video outputs

▶ The Video Compositing Smart Graphics™ module can be customized to match the look and feel of your application

▶ The Video Compositing Smart Graphics™ module can be configured to match your exact screens configuration (pixel canvas, layers, …)

▶ Compatible with **3-Series** and **4-Series** Crestron® control systems with Ethernet connection

▶ Compatible with any **LivePremier™** live presentation switcher (Aquilon RS alpha, Aquilon RS1, Aquilon RS2, Aquilon RS3, Aquilon RS4, Aquilon C and Aquilon C+)

▶ Also compatible with **LivePremier™ Simulator** (allowing programmers to create and test their program while waiting for access to the real LivePremier™ device)

Package includes

▶ The exclusive Video Compositing Smart Graphics™ module

▶ The modular Crestron driver for the LivePremier™ series (requires a license for each LivePremier™ device controlled)

▶ A SIMPL® example program that demonstrates the features supported by the driver

▶ A XPanel project running with the SIMPL® sample program provided

▶ Help files in English

AW VideoCompositor for LivePremier™ is available on www.analogway.com
